

Bursa in Cranberry/Lapis/Stone

SKU: FA-WE-BS-CR

Bursa was the weaving capital of the Ottoman Empire. In the spirit of this tradition, Susan Deliss created Bursa weave in sumptuous c olours, using tones from the rich natural dyed fragments of antique silken Azerbaijani striped saddle cloths and Anatolian wools that have inspired much of her creativity.

Bursa is woven in England by a business that has been in the same family for over three centuries.
