Mini Weave in Burnt Orange

SKU: FA-WE-MW-BO

When Susan Deliss spotted a tiny section of an antique indigo dyed Persian flat weave in Istanbul, she had one of those "love at first sight" moments that textile dealers have when they spot something really special. Mini Weave was inspired by this lucky find and can be used in a highly versatile way to give a hint of colour but without it being a solid plain.

Mini Weave is woven in England by a business that has been in the same family for over three centuries.

Use:
Mini Weave is suitable for upholstery, blinds, curtains, ottomans/footstools, fabric walling and cushions.
